

# SFP APPOINT FAR EAST AGENT

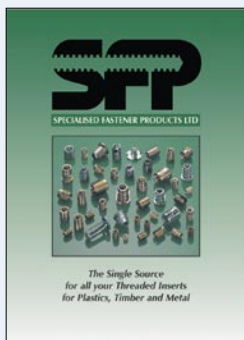

**Following a successful DTI-sponsored trip to China, Specialised Fastener Products have appointed Evan Fastening Systems Ltd in Shanghai as their agent in the Far East.**

“Evan’s strength lies in the supply of specialised branded products into European and American owned plants that have set up in China,” said Paul Jepp, Managing Director of SFP, adding “this therefore fits perfectly with SFP’s product ranges, particularly as Evan Fastenings are stocking RAF electronic hardware together with several lines of brass inserts for plastics.

“Our companies will be working together to increase our market share in this growing economy,” he added.
